

The Friends of Marlborough Public Library
are pleased to present

Dr. Gary Hylander

Wednesday, September 19th at 7 PM

He will bring history to life with the presentation

**“Abandon Ship:
The Indianapolis”**

After delivering an atomic bomb to Tinian Island for the air attack upon Hiroshima, the Indianapolis was torpedoed by a Japanese submarine on July 30, 1945. An estimated 300 sailors were killed immediately and 900 sailors were swept into the Pacific Ocean. The sinking of the Indianapolis was the single worst naval disaster at sea in American history.
